DENALI SUMMIT PLAN

Covered Services

Good oral health is important. That's why there's Denali Dental. Don't have employer dental coverage? No problem. Denali Dental allows you to select your own dentist and is affordable for you and your family.

This dental insurance plan helps you cover the costs of dental care. Covered dental services include exams, cleanings, fillings, and extractions, as well as crowns, bridges, and dentures. Payment will not be made to replace a tooth that has been missing prior to the effective date of coverage. This plan pays for covered dental expenses based upon the allowed amounts for those covered expenses after the one-time, Lifetime \$100 In-Network Deductible or \$200 Out-of-Network Deductible has been satisfied. The plan pays the following percentages of the allowed amounts: 100% for Preventive Services, 50% for Diagnostic Services, and 50% for Basic and Major Services in the first year. In the second year, coverage for Diagnostic Services increases to 75%. In the third year, coverage for Diagnostic Services increases to 90%. In the fourth year, coverage for Basic and Major Services increase to 60%.

Preventive Service examples

- Two exams per calendar year
- Four cleanings per calendar year

Diagnostic Service examples

- One series of bitewing X-rays per calendar year
- Fluoride treatments limited to dependents under age 16
- Sealants limited to under age 14, one treatment per tooth for the occlusal surface of first and second permanent molars, once in any 3 year period

Basic and Major Service examples

- Basic fillings
- Simple extractions
- One diagnostic X-ray, full or panoramic in any 3 year period
- Oral surgery
- Endodontic treatment
- Periodontic services
- Restoration services - inlays, onlays, crowns
- Prosthetic services - bridges and dentures
- Veneers (restorative only)
- Endosteal implants

Benefits

- Annual Yearly Maximum
 - \$750 Year 1
 - \$1,500 Year 2
 - \$3,000 Year 3
 - \$6,000 Year 4
- Lifetime Deductible
 - \$100 for In-Network Services
 - \$200 for Out-of-Network Services

» Easy-to-use

Life is busy enough without worrying about dental insurance. That's why we try to make our plans as easy to use as possible. With the Renaissance Individual Plan, you don't have to wait for an annual enrollment period to enroll, you can pay with a credit card, and you can manage your benefits online once enrolled!

Why dental insurance?

Did you know dentists can detect more than 120 signs and symptoms of non-dental diseases?^{2, 3}

Better oral health leads to better overall health.

Oral health and overall health are connected, and dentists are in a unique position to detect more than 120 signs and symptoms of non-dental diseases—including diabetes and heart disease—through patient examination.^{2, 3} In many cases, extra cleanings can be beneficial to certain medical conditions, which is why our dental plan options include enhanced periodontal coverage for individuals with chronic and/or high-risk medical conditions like diabetes or coronary artery disease. Also, included in the plan designs is an OralCDx BrushTest[®] for oral cancer screening.

Many people may be more likely to visit their dentist more often than their primary care physician.

Routine dental visits have become an extremely important part of good health maintenance. The dental plan offering helps to remove financial barriers to oral health services and promotes preventive care so that small problems do not become painful, expensive ones.

Plan Information

» **Group association:**

Benefits Association (BAI) has been committed since 1990 to providing its members with practical benefits that can be useful in everyday life. BAI offers you access to discounts on travel expenses, health services, entertainment, restaurants, and much more. Individuals must become a member of the BAI in order to purchase this dental insurance plan. BAI will communicate member information to you by email or by visiting www.benefitsassociation.com

» **Eligibility:**

Denali Dental is available to individuals, their spouse and dependent children under the age of 26. The applicant must be a member of BAI and all family members must be residents of the United States in order to be covered. In order for dependent children to be eligible for coverage, the applicant must be their parent or legal guardian.

» **Covered charges:**

Covered charges must be incurred while the policy is in force and the person is covered by the policy. To become a covered charge, the dental services must be performed by: a licensed dentist performing dental services within the scope of his license; or a licensed dental hygienist acting under the supervision and direction of a dentist. A covered charge is considered incurred on the following dates: for full and partial dentures—on the date the final impression is taken; for fixed bridges, crowns, inlays and onlays—on the date the teeth are first prepared; for root canal therapy—on the date the pulp chamber is opened; for periodontal surgery—on the date surgery is performed; for all other services—on the date the service is performed.

» **Alternative benefit:**

If we determine that a less expensive alternate procedure, service or course of treatment can be performed in place of the proposed treatment to correct a dental condition and the alternative treatment will produce a professionally satisfactory result, then the maximum we will allow will be the charge for the less expensive treatment.

» **Pre-treatment estimate**

Except in an emergency, before you begin treatment that will cost more than the pre-treatment estimate amount shown on the Certificate's schedule of benefits page, your dentist must submit a claim to us describing the treatment necessary and its cost. This estimate is not a guarantee of payment. We will still consider a claim for which you have not obtained prior approval. However, the claims will be subject to reduced benefits based on our determination of Reasonable and Customary charges, and medically necessary treatment.

» **Coordination of benefits**

This plan will be coordinated with any other individual, blanket or franchise plan under which an individual will receive benefits, unless prohibited by applicable law.

» **Waiting period takeover benefits**

If you were previously covered under a different dental plan with comparable coverage you may be eligible for takeover credit under this plan at an additional cost. If your prior coverage termination date is no more than 30 days prior to the date you are requesting coverage under this plan, you are eligible for a takeover feature whereby 12 months of the time you were covered under your prior plan will be applied to the graded benefit features of this plan. As a result, you could enter the plan at a higher level of benefit for coverage categories that grade up over time.

To qualify for this takeover feature you must provide an evidence of coverage letter from your prior carrier which includes the termination date of the prior plan and a summary of the benefits of the prior plan that illustrates prior comparable coverage. The takeover feature is available for a 15% increase to the quoted base rate. All required information must be submitted with your application. All potential takeover business must be approved prior to enrolling. Contact us at Direct Benefits (800) 620-5010 or email info@denalidental.com for more information.

» **Right to return period**

If you are not completely satisfied with this coverage and have not filed a claim, you may return the Certificate of Insurance within 10 days of the effective date and receive a premium refund.

» **Dental benefit increases and policy re-writes**

Once a policy has been issued, benefit increases such as (but not limited to) increases in annual maximums and/or coinsurances, cannot be honored. In-force policies may not be canceled and re-written to increase the plan benefits.

8 REASONS

for Dental Insurance

1. Protect your smile. Dental insurance exists just like any other insurance. It helps you protect your assets and manage your risks. If something were to happen, insurance is there to help control the costs.

2. Dental health is linked to overall health. That's kind of a big deal! Many systemic diseases such as diabetes, leukemia, cancer, heart disease, and kidney disease have oral characteristics that can be detected by the dentist with just an oral exam.

3. You'll be more likely to go to the dentist when you have insurance. This alone may help motivate you to take control of you and your family's dental health!

4. It helps you keep your teeth! Gum disease and tooth decay lead to tooth loss. These issues are most effectively treated by a dental professional.

5. Enjoy a little peace of mind. Let's say you or your child has a dental emergency like a chipped tooth, tooth pain or a lost tooth. You may be less worried about the financial burden of fixing the problem knowing you have dental insurance.

6. Minimize your dental out-of-pocket expenses. Bridges, crowns, implants, root canals, and other major issues are spendy. Finding a plan that will help minimize the costs can be very beneficial to your wallet!

7. A boost of confidence! A healthier, whiter smile and better breath may help you and your loved ones feel a little more confident.

8. YOU AND YOUR FAMILY ARE WORTH IT!
